Dear Mr. Gunderson:

Enclosed please find a copy of the Draft Industrial Area Sampling and Analysis Plan (IASAP) for your review and subsequent approval. The IASAP is the decision document that will guide sampling in the Industrial Area. The IASAP streamlines the decision making process and ensures that characterization supports remediation as well as the Comprehensive Risk Assessment (CRA). Appendix C to the IASAP is reserved for the Final CRA Methodology that is being transmitted for agency review as a stand-alone document. Note that we are submitting this draft to continue the consultative process while the Rocky Flats Field Office staff is also reviewing this document.

If you should have any technical question regarding this plan, please contact Norma I. Castaneda of my staff at (303) 966-4226 or contact me at (303) 966-5918.

Joseph A. Legare
